

DECODELABS – INTERNSHIP PROJECT 1 CHANGE LOG

Intern Status: Verification Gate Audit Summary

Change ID	Description	Impact	Status
CR001	Imputed missing values in 'CouponCode' with 'NO_COUPON'.	Preserved rows from listwise deletion.	Resolved
CR002	Imputed missing numerical data using the column Median.	Handled data gaps without introducing outlier bias.	Resolved
CR003	Permanently removed duplicate transactions using OrderID.	Achieved a 0% duplicate error rate.	Resolved
CR004	Applied text stripping (.str.strip) and title casing to text columns.	Eliminated hidden spacing issues.	Resolved
CR005	Converted dates into standard ISO 8601 format (YYYY-MM-DD).	Achieved a strict 0% date format error rate.	Resolved

CR006	Enforced financial numeric precision rounding to 2 decimal places.	Standardized all float values.	Resolved
